

A Few Testimonials from Physicians about the ABLS Certification Program

"I am currently going through the test materials / study guide again. It is much more detailed than I expected but fascinating nonetheless."

Dr. Dan T., Oregon

"I really enjoyed talking to Dr. K. (oral exam). I am planning to encourage a couple of my friends to apply to the American Board of Laser Surgery. It is a great experience!"

Dr. Khosro S., California

"I am very pleased that I passed the written portion of the exam...I think your study material and certification should be a must for every physician who practices laser medicine and surgery."

Dr. Rodger S., Florida

"The certification process has been very informative."

Dr. Kenneth H., California

"I would like to thank the American Board of Laser Surgery for the great opportunity, experience and updated knowledge that I gained."

Dr. Abdelazim A., Saudi Arabia

"I am proud to be a part of a Board with a vision and direction toward better and safer laser use by all of our colleagues. This has been a rewarding journey to improve my knowledge and I believe the ABLS education should be a part of anyone licensed or granted permission to treat patients with laser technology."

Dr. James C., Ohio

Currently, over 100 physicians are in various stages of the certification process.
